INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfilmed records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported To General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, decease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.[1] Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."[2]

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.[3]

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various aliments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.[4]

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from $2 to $7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.[5]

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of corps, Tillson instructed his officers to secure contracts paying men $12–$13 per month, and $8–$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and south-western Georgia, where "good crops" could be raised, men were to be paid $15 per month, including board and lodging, and women $10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."[6]

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381orders for transportation for some 2,947 men and 1,013 children.[7]

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed $50, or the punishment did not exceed $50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.[8]

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.[9]

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during it first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to taken on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.[10]

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some $21,000 for state superintendents' salaries, the Act made available $500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly $105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional $10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.[11]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

Sir

I have the honor to State that Capt Crabtree informed me that I must make a Requisition for Fuel, Stationary, and forage &c to feed & shelter with what I have on hand and what is owing to me by the Quarter Master Col Darling and not delivered, will last until July. Stationary I draw from the Medical Purveyor, With regard to forage I am told by the Quartermaster that he intended to keep all the teams at his Stables. Therefore I will not Requisition any forage until I can get Control of the teams and keep them at the Hospital. And I may here remark that it is absolutely necessary for us to have An Ambulance to attend to the Official business of the Hospital. The Quarter Master decides, however, that the Ambulance cannot be used for any other purpose than to Convey the Sick. Situated as this Hospital is so far from the

City. It [illegible] to be great disadvantage and inconvenience to be without means of travel, and besides it is five miles to the Small Pox Hospital. Please inform me at your earliest Convenience whether you are to keep the teams or not. and if you are I will send for my Requisition at Once

Capt,

I have the honor to state for your information that there are two Ambulances in use for the Small Pox Hospital, but the Quarter Master says he wishes to keep the teams himself, and will furnish them with forage; he also furnishes them with drivers. The Ambulance I wrote about was the one that transports the sick to this branch of the Hospital I can get it for that purpose, by making a Requisition upon the Quarter Master. He keeps the teams at the Depot and therefore it is not necessary for me to draw forage for it.

I have enough fuel to last until July 1st

Dear Sir — I received yours this day. In reply I would say that I think we shall need the Cathcart building until the first of August, certainly until the first of July. They get along very slowly with the school building, and it will not be ready to occupy before October. By direction of Gen Gillson I am compelled to vacate and turn over to its owners the Bryan Hall, and have removed the pupils & Cathcart. If we lose that we should have to abandon the schools then and let the children run in the Street. I intend to close the schools for a vacation the last of July, and reopen on Oct first, when I hope the new buildings will be ready. I enclose the receipts for the rent of Bethlehem Hall one month and Lamar Hall two months. These two buildings I can give up July 1st I had to pay 50 ct Exchange on Each of your checks and shall probably on your next and if you can send a check for $46,50 it will probably cover all

Capt

I have notified Dr. Augusta
in regard to having his Regulations sent
by the 15th for what he may want next
month. He informs me his Stationary
he draws from the Medical Purveyor, and
also Cooking and has 18 Cords of Wood.
This is for the Freedmen Hospital, he does
know what to do as to Cooking stoves
for Children. Says he is in a destitute
Condition. He must give out as soon as
practicable. Her is going to invite to your
address. Cable I should want to draw next month
with my private seal. I have plenty of
Stationary for two months, If Dimon is in
Macon, I have sent him blanks, I do not know
of any Agents in his district that draws any
thing from the R Master. I expect the Bureau
will have to take some as Genl Steadman
Genl Scott and one or two other are here.

NARA 63

I slept up all this morning expecting them
but to see me, but, they did not come.
They must have been by the above and locked
in our jail. I handed that Commander
Gen. Gillmore sent to your Stedman. He never
even spoke to me, but Gen. Saxton read quite
a chat, the papers by they were to visit the
Sea Islands when to stay. If they have, they have
done so in some bar room, for their faces are
very red. The talk is here that the Bureau
is going to be smashed immediately by the
recommendation of Gen. Stedman. He may
find fault with this State but I doubt it.
I expect some of me rebs will pay the devil.
Writing this Wednesday. I send you Thursday as
it is Yr's about in

Yours of the 2nd inst is received. In regard to Julius Cumming who is on the rolls for the month of May, as employed in this Office, came about in this way. I certainly think I spoke to you about it the last time you was in this City. If I did not I meant to and am to blame for not doing so. About the time that you gave me permission to employ some Freedmen to White Work and clean up the grounds. The 12 Me. Reg left this City. That left this Office without an orderly. I sent a request to Major Crosby Comd for one. He told me he had none that he could spare. Soon after one of the Agents of the Bureau. Sent me a very stout man to be confined in the Chain Gang for one month for a mean trifle. I Consulted Judge Shaw. He man could not be put in the Chain Gang for so trifling offence. But as we wanted men at the Hospital. I had better send him to the Hospital to work one month, for nothing. And he was just the man the Dr wanted to dig up Stumps. That suited us. one man. So I sent him up to the Hospital and took a man into the Office. And to make a long story short I have two men at work at the Hospital against the one

NARA 67

" sure in the Office. I told the Dr I all most
afraid you would find fault— we had so many men hired
He made the remark there was no end to the work, and
it was an awful job to white wash those buildings
in Dixie. But none all are discharged but three. And
I think he will discharge those soon, as I can keep
two men there working for us without pay and do justice
to all parties. I mentioned to the Genl the last time he
was down and he approved of it, An Orderly of some kind
we must have, our Business has encreased wonderfully
since a few of those rank Rebs thought they had broken
up the Bureau, I have made a request to Genl Tillson
for two Soldiers and am in hopes to have them soon,
then I can discharge the men I have, If any Office
in this State needs Soldiers it is this.
" I hope this Post will be satisfactory. I certainly think
" spoke to you about it when you was down.
When I see you I can explain some things I dont
care to write, Lt. Lemons is mustered out of the service
he has ten dollars worth of furniture for Office he would
like to turn over to me, If he sends them to S.C. it will
cost as much as they are worth. Can I receipt to
him for them. He also has a fine horse sade and bridle
he would like to turn over, The wood lot is not yet
sold, Old Dave is doing very finely with his rice.

Augusta Ga.

Capt: I have the honor to acknowledge rec't. of your kind favor of 27th ult. opportunity since it arrived not offering sooner.

You would oblige me by sending list of the clothes &c with which we shipped charged, one as having been received, and also a list of your prices for certain articles as advised in 2d page of yours of 27th ult. In connection with them I will endeavor to do justice to Govt & our people but will need the prices to guide me in articles which are better than others.

The last matter seems to have rolled the clothes badly as they burst on a very slight strain, and some of the shoes are in the same condition. The latter should be oiled and greased immediately on receiving their condition.

Very respy.

I have been very busy in the Way from Mississippi
Today from 4 to 12 Miles in the Country buying Mules

have not been able to get one in the parish. That
is the reason for my Rolls account not being

to keep an Account of Corps Men & Such Items

right thing. Shall I keep the Roll of the Seamen

Qrs. of the Post some time ago. It contains six rooms, of which I wanted to rent four, but they all being so situated that they could not be let out seperately, I was obliged to take them all. I need one room for an office, one for a storeroom, one for quarters for the men here on duty and another for Lieut. Gray. It was not easy for me to find a suitable place, and this being the most convenient and cheapest, I rented it by the month for $60.00 per month; provided it

I am pleased to hear that different Arrangements for fuel.
Forage, & Stationery, are to be made in the future. But the
Greatest trouble I now have is transportation - I need daily, a
team to transport rations, Medical Stores & Wood to the different
Hospitals & the "Contraband Camp" - one of the Mules used with the
Ambulance is dead, & I cannot obtain one for present use. &
if my requisition sent in to Genl Tillson for Another is approved
I cannot obtain it here - The A A Gn here is Either Not Competent
for the position, or he is not allowed the Authority Actually
needed to procure such Stores, Supplies, Animals &c as the
interests of the Government & the Service demands - This has
been a Subject of more Annoyance to me, lately, than all the
business legitimately Connected with the Bureau in
this District - I sincerely hope some means may be

devise to remedy this difficulty –

The Mod I made Requisition for, is being Steely delivered, but I have no place that I can obtain Shoeing or Blacksmithing of any Kind done, & this I have no Objections, provided I could get the Work done without advancing the Money. But I cannot, and I have not the means to use for that purpose

I have the honor to transmit the Enclosed requisition for your approval - The Dr at this post informs me that he will be unable to provide the Mules called for by this requisition as he has none on hand, and no Authority to purchase - The Ambulance is needed Continually but is now useless, as We can not obtain teams to use with it - The only team the Dr here had in his Employ was stolen by two bushwackers on Saturday Eve While the men in charge of it were returning from Camp of Freedmen, after delivering the rations, the men were unarmed, and were driven off by the bushwackers revolvers, immediate pursuit was made but no trace of the robbers could be discovered - I would therefore respectfully request that the Dr here be allowed to purchase at once or obtain one from some other source, as the increasing business of the Hospitals during the late inclement weather

So that the loss of one need not involve the whole.

Please also to send me some Stationery and blanks. No. 52. I have none. I would have been able to make my returns for May, but having only one set of blanks, and the amount being very small. I hope this will meet the approval of the Act. Asst. Comr. Two rooms, as you suggested are not sufficient, as it would never do well, to let the enl. men occupy the storeroom for quarters. Capta. ii :

I have the honor to request to be informed whether I would be allowed to pay the expense of burying colored paupers, who die without the limits of the City in this County. recital such cases occurred lately, where the heirsons had nobody left to bury them or the relations had not the means to pay the expenses. I have the Judges of the Inferior Court of the County about this; they not, wanted me to be their duty to attend to such matters, but they stated that as I found the County had no funds and a debt;—and no means at hand to raise any thing. They stated further that they had been obliged to abandon the Hospital on account of being unable to employ a Surgeon &c. for the purpose, and that the City admitted in its Hospital patients from the County on credit. Under such circumstances they requested the assistance of the Government for the present at least, that they would be able to raise money by next fall and then attend themselves to such cases.

(over)

NARA 388

There are a great many more people living near this City, but outside it limits, than to all kind of work here in town and are generally very destitute, they are persons that require assistance as the City does not extend its benefits to them and the County can not. I do not think that the expense will be very material, as I shall be careful to buy only in such that ~~can~~ have occasion the employment of any and and have left no means whatever; it will probable average not more than from 3 to 5 cases a month at $ 8.00 a piece. I would therefore respectfully request that the assistance of the Government be given me in such cases.

Some time last Fall, whilst Col Sickels was in Command at Savannah Ga. there was a fatigue party sent to this Village to take down and remove to Savannah the Houses that were built by the Confederate Government. In doing so, they pulled down and took away a small house of mine, The Carpenter, (Mr Blanc of Savannah) in Charge of this work, informed me that this house of mine was marked in the diagram given him, and he ordered to take down all houses marked in said diagram - I suppose it occured by mistake of the person that made the diagram - I addressed Col Sickels, & think twice, upon the subject, but received no reply - Once in a personal interview with him he informed me that he would come to this Village in a few days from that time, and would

But he never came. and I have repeatedly since. to other Officers in Command at Savannah, made Application for the payment of the Value of the house taken as aforesaid, but have never succeeded in getting it. The Officer now in Command (I think Capt Crabtree is the name) advised me to address you on this subject, And I do so, with a hope of getting, if not the Value of this house, at least, the advice as to the Course I shall pursue to get it.

If there are any particular forms for making these Claims. Please send me the requisite number of them, and instruct me what will be necessary to add, and to whom I shall send it for payment.

I was employed by Rev. G W Selvedge who authorized the rates above specified

From what he told me I expected the rations would have been here before this. In yours of the 3rd you dont say anything about shipping them I would like to see them come forward as the people in this county are very destitute and are annoying me daily

one thing yesterday that I have since learnt was
never done by any Boat before. She beat down
the Savannah river with a light wind, against
the strength of the current. Any Quarter

have such a Boat on their rolls. I wish you

As you see, I am a loser in this case of $3550. Double which, I would cheerfully have it in the power of any one to pay that I had been guilty of a dishonorable act and I can only trust to the personal Knowledge, you all possess of me, with the reputation for strict rectitude, I have some claim upon you for aid, to screen me from imputations, the very thought of which is unendurable -

Please acknowledge this as early as possible, with such information, as a Friend, as may relieve my very unpleasant anxiety in the matter -

My dear Captain

I have just had yr. communication of the 6th inst. forwarded me here, when I have hurried to finally settle the accounts before leaving Washington. I wrote to forward you the Account shewing a balance of Dues as I am prepared to receive being the slightest imputation of wrong against the Crew in Questions.

I wrote you a full explanation of the Circumstances in this Case, and requesting the instructions immediately on my return to Akron, some time previous to my leaving Ile Island. I respectfully your not having received this letter, which Coming before the action of the Inspector, was a self-evident proof of no intention to defraud on my part, and expressed a willingness to refund to the Government money lost while in my Charge. In respecting the circumstance of this Communication, I must state it is to be considered as emanating at the period stated, and not at this late date, when an Inspector has already reported on it. The case was tried by

the in Toby. Clerk. Being a Case, Where One of our Slaves Commi
Servants Was Severely Beaten by him with the Cat-o-nine
Tailes for Purchases Near Americus - I found the parties
Guilty - And - owing to their having made a Compromise
with the Plaintiff - did not forward the Case to a Statutory
Commission as I at first proposed, but awarded
the punishments myself. As proceeding to make
my Returns at the End of the Month - I found that
the Costs proceedings - which (as was my duty to) I
had made out in the form of Court Costs proceedings
was with the Amount of fines enclosed ~~[illegible]~~ had placed
in my Pocket Book - I had been to or Clerks -
Desk & forgot them on riding up - I think the 4th
of the Sept Month - when I was looking to record Rules
of the Case in the Office I entered Such names as
I remembered on the Return - viz. Mrs. J. Morgan and
E. J. Ballou, pointing my Memorandum of my own
Pocket Book, and directing inquiries to be made at
least sufficient to establish the pecuniary liability
of the Defendants - The intention of making a Statement in the
Case - Being appointed to elicit the information
and I delayed making any Statement, until -
Case of a Clause in Warranty - I returned to Albany in
May, When I ascertained through Genl. Cobb, Where I was

Case in Tchy. Court, being a Case, Where one of our Slaves Emanuel was Severely beaten by Mr Cotton with the Cotton Packing pen Staves near Americus - I found the parties Guilty - And - owing to their having made a Compromise with the Freedman - did not forward the Case to the Military Commission as I at first proposed, but awarded the punishments myself - As proceeding to make my Returns at the End of the Month - I found that the Entire proceedings - which (as was my duty) I had made out in the form of Court Martial proceedings with the Amount of fines enclosed had placed in my Pocket (Clerk) - Had been lost or Stolen - All Search proved unavailing up to - I think the 4th of the Sept Month - when I was Serving a Record Notice of the Case in the Office Called Such Names as Mentioned in the Return - Viz. Mrs. Morgan and F. J. Ballou, pointing out the necessity of my own Books and Receipts being in Court to be made at least sufficient to establish the pecuniary Responsibility - The intention of making a Statement in the Case - Having appeared to elicit the information and I delayed making any Statement, until - any Cause of Absence in Evidence - I returned to Albany in May, When I ascertained through Genl. Dear,

I have the honor to receive yours of the 17th instant
this Morning inclosing my accounts returned.

I have been endeavoring to comply with your
instructions, and again send them. You must
have some charity for my ignorance of the "Forms"
as I was only a Sighting Captain in the 33d and in
very Small fresh Secessionville &c, like I was wounded
at Olustee and had no experience of that Kind.

I was also in Command of a company at York
town in charge of the Hospital; and at Beaufort Barracks,
S. Carolina. We had nothing to do in any that
time with the "Forms." You must excuse me!

I am again distributing Rations, last week to 9"
Men & Women and 2,000 Children & Adults, and
have so busy in answering questions, writing Letters,
for the Freedmen, Settling their difficulties, that in
fact I had not time to learn the "Regulations" for
Post Mains at Headquarters: and of course had
little chance to get them Correct. If my Office is
more expensive I firmly believe it is more work
than any other Agent in the State.

I have received this week, 50 Boxes of Hard Bread,
and have neither received a Bill, or any directions about
them. Send Soda so hard next time!

Enclosed please find Receipt Rolls of the attendants of this Hospital, also a bill and receipt for E. Liza Brown's money. Before I had time to get the rolls for him to sign he took the Cholera, and requested me to pay his money to his wife I, therefore, got him to sign a bill for the money, and paid his wife the money; Charles Collins cannot be found. Henry Blake died of Cholera, and return their money. I kept Solomon McConnell's money from last month, expecting that he would come for it, but he has gone to Baltimore I learn, and will not likely return. His wife however is working here, and would like to know if she can sign for him and get the money. If not let me know, and I will send it back. I will send a receipt for Jack Jenkerson's money as soon as he comes for it

I made application some time ago for authority to deposit public funds, either in the National Bank of Augusta or the Savannah National Bank but have heard nothing from it.

As I am situated I am obliged to keep more money in my safe than I think prudent and have to make all remittances by express which is inconvenient.

Can you inform me whether this authority asked for will be granted.

Also please inform me if an officer has still the option to draw mileage or actual Expenses of transportation.

I have been traveling considerable during the past month and shall go away again Monday, and when I return, if convenient, I will send you my accounts. The case is this: — The goods being shipped by Express, — the company had a right to hold them, till charges were paid, and in order to obtain them, I of course had to become responsible for the charges.

Had the Tents been shipped by Rail Road, the usual Bills of Lading, payable in Nashville would have sufficed.

Dear Sir

I hope you are in time to hear of Hanson as you said that you expected to go with me. I have been on my track ever since. I don't know what I am to do. Capt Hoskins has made with him what he says he can't up in Jonesboro, but I am afraid of me this day $2,00 I have not time to say that, and he is to pay me as soon as he returns his way. He don't know when he will be back home a month. You can send him what you think best with the first return. I send you enough to pay, and money to me in this week. Capt Hoskins says my claim has been paid and I am here waiting impatiently to hear. Hoskins says he can't do anything without this is no communication between this place and Jefferson, and he is already owed some almost two hundred dollars, in transporting Soldiers & prisoners. I am from this place up the Hobbs River forty miles back into the country in Eight Jones, and such a place you never saw

Dear Sir

I send you herewith, for your inspection, Account due, &c, Wm Tilton Engaged In Hanson.

The Said Wm Tilton to remain in the Employ on the Lots of Land Surveyed at the Head Waters.

If Hanson is by any means to get his pay, as he [illegible] one, about the 25th of June, that has time some money, to pay it with. You can send (if you see fit to do so) what you think would be just and let it stand against the Said Tilton. Wm Martin that Rod Carling has employed, wanting $15 for month. What ever you do, give me some information about sending on Office. Wm Tilton will not do me, he did not pay how much I should be allowed a day. I have been trying to get along as cheap as I can, and by doing so I am about played out. I have been soaking meat three days at a time trying to stop in a little old tent. I made up my mind I must get to some place

or depart this life and as I much to die in Rome
Courtyard County. I thought I had better try and
take a little better care of myself. I wish Upton you

at Savannah it is what the rent would be.
Genl Wayne and Genl Gilmore are great friends, but
like I expect the Rent will be so high that I
of be allowed to stay. They are very unwise people
here, for a building that Yankees (as they call them)
would not keep pigs in at home, they want 10 to 12 pe.
month, or rather that is what they are rented for. Gen.
is the only vacant building in this great City. Please
inform me how high and you will allow me to pay
and that I can live better and do, Perhaps a
thing. Nothing serious, but my guardy fit. And
sometimes I think strong of buying to get out. I never
worked harder in the field than I have since I left Savan.
One other thing I should like to have that I need very
much, and that is a small dory to carry with the big
boat. Then I should not have to go into Every Depot and

perhaps Thomas Jackson could auction off a little
sentence and go on show in the other days. I can
get a new one all complete for fifteen dollars, and
I think I could use the big boat that amount
besides. The little one would sell any time for nearly
if not quite as much as the mould cost. Please try
and arrange it so I can have it. As it will save me
large boat a great many journeys. Our mails are very
irregular and between this place and Jefferson their
is no mail. If these troops are sent to the above place
I shall have more work still, for my Boat is the only
thing in these Waters that can carry any thing.

Lumber must be taken to town as owners of land claim to any one else — and out of so many buildings he would hardly miss a single one — I have not the time & would not know what disposition to make of so much material as there is in the 18 buildings I believe that it will be your interest to sell me this building. Terms and Conditions on which this and all Messages are received by this Company.

In order to guard against and correct as much as possible some of the errors arising from atmospheric and other causes appertaining to telegraphy, every important message should be REPEATED, by being sent back from the station at which it is to be received to the station from which it is originally sent. Half the usual price will be charged for repeating the message, and while this Company in good faith will endeavor to send messages correctly and promptly, it will not be responsible for errors or delays in the transmission or delivery, nor for the non-delivery of REPEATED MESSAGES beyond TWO HUNDRED times the sum paid for sending the message, unless a special agreement for insurance be made in writing, and the amount of risk specified on this agreement, and paid for at the time of sending the message. Nor will the Company be responsible for any error or delay in the transmission or delivery, or for the non-delivery, of ANY UNREPEATED MESSAGE, beyond the amount paid for sending the same, unless in like manner specially insured, and amount of risk stated hereon, and paid for at the time. No liability is assumed for errors in cipher or obscure messages; nor is any liability assumed by this Company for any error or neglect by any other Company over whose lines this message may be sent to reach its destination, and this Company is hereby made the agent of the sender of this message to forward it over the lines extending beyond those of this Company. Sir:

In reply to the request in your letter of the 23rd instant, that you be furnished with "a copy of the 'General Post Office Book' for reference in computing distances by mail routes," I have to state that we have no such book or published Table of Distances, the ever-changing nature of the postal service rendering it impracticable to furnish a fixed Table for all routes.

The attention of the Adjutant General of the Army has been called to a paragraph in the Revised Regulations of the Army, which conveys an erroneous impression that there is such a Book.

It is understood that the Second Comptroller of the Treasury has been compiling a Table to be used as a Standard in the settlement of mileage.

came in possession of the Bonds without knowing their value. But it is my plain duty to require at your hands evidence of that fact, in order that I may demand the balance due the Govt from the party in possession of the coupons. To this end you are instructed to explain from whom the Bonds were received, whether you received them yourself, and whether you had ever previously handled such public securities.

Permit me to remind you that you owe it to yourself and to the 2.M. Dept to give prompt attention and clear explanations to the points indicated in this letter.

Very Respectfully
Your Ob't Servant.

Office Asst Quartermaster,

Augusta, Ga., August 7th 1864

Colonel.

Yours of the 7th enclosing forms for contract bond &c also directing me to annul contract for hauling is received.

Col C. K. Smith Jr. Sub Chief Dr. Mr. Dept of Georgia informs me that the contract was made, bond executed all the papers required by existing orders forwarded to the various Departments and that he has been notified by the Quarter master General that the contract is approved.

I have in my possession official copies of contract and bond, for one thousand dollars. Under these circumstances can the contract be annulled except by order from the Qr. Mr General? I think not. Should it be required, I suppose advertisements will have to be made for new proposals to be received. This will take time and the service will suffer from it as there are large amounts of public stores to be hauled at once.
